ABOUT ME

Designer working at the intersection of **Visual design**, **Product Thinking**, and **AI-powered creation**. Experienced in building design systems, CMS-driven experiences, and end-to-end product workflows while maintaining a strong foundation in **Branding and Motion Design**. Proficient in Figma, Claude, Cursor, Figma MCP, Midjourney, Runway, Veo-3, and Gemini, with a goal of growing into an **Art Director** who bridges creativity, technology, and AI.

WORK EXPERIENCE

Joveo, Visual Design Intern (Nov 2025- Present)

- Embedded as the sole designer on the Implementation Team, working directly with engineers to design and ship CMS-based career site builds for enterprise clients.
- Led a CMS widget library initiative — designed 70+ reusable widget concepts (marquee, bento grid, sidebar, editorial layouts) and authored a strategy document covering competitor benchmarking, animation principles, and a phased rollout roadmap.
- Built a library of animated hero and landing page widgets with swappable content zones as plug-and-play CMS templates.
- Used Claude, Cursor, and Figma's MCP integration to build internal design tooling and streamline design-to-code handoff; contributed motion design (After Effects) across product and visual design workflows.

Myntra, Creative Intern (July 2025- Nov 2025)

- Worked on the CRM (Customer Relationship Management) Team, which works on the Push notifications and adverts on social media.
- Heavy use of AI tools like Mid-journey, Gemini(Nano-Banana), Runway and Veo-3.
- Worked on BFF(Big Fashion Festival), their largest revenue generating sale.
- In BFF handled Deal templates which is one of the most important for both product and offer visibility.
- Also worked on other Tier-2 sale like Diwali sale, Wedding edit, EORS etc.
- Redesigned MNow logo Strip.
- Created Comical series for Mnow using AI tools.

Swarnabhoomi Academy of Music, Design Consultant (Aug 2025- June 2026)

- Partnered with a fellow designer to lead end-to-end design for social media, events, and the website across three academic semesters, developing a distinct visual language for each.
- Built branding and content systems from scratch for the Spring and Summer semesters — social posts, stories, and application assets for course, faculty, and semester launches, including motion content.
- Led brand identity, social campaigns, and website design for CAMPED, a music camp launch, from the ground up.
- Redesigned the academy's weekly newsletter with a new visual format.

Additional Freelance Experience

- Loomero, a clothing brand start-up, Brand Designer, Freelance (Nov 2024 - Dec 2024)**
- Created brand identity for the startup brand Loomero.
- Designed a cozy yet professional visual identity for Loomero, as it's a brand that sells solid t-shirts.
- Designed logos for it's 2 sub-brands, DRIPPS and ARVIO.
- 2 Sub-brands have unique and distinct identities and logos
- Created mockups and price tag for each brand.

Minto.ai, an AI company based in Hyderabad, Motion Graphics Freelancer (Oct 2024 - Nov 2024)

- The company introduced a new AI called spider AI.
- They wanted an introductory video for their new product, to be put on their website.
- The video consisted of motion graphics and video editing.

Epsilon Delta Technologies, Brand Designer Freelance (Jan 2023 - Feb 2023)

- Created brand identity and guidelines for a new startup.
- Created logos patterns and also Website layout and colour scheme design.

PROJECTS

Tapse, Assistive Device for Visually Impaired Users (Team) — Patent Filed

- Researched challenges around liquid medication intake for visually impaired users; led ideation, product sketches, storyboarding, and final presentation for a patent-pending assistive device.

Brand & Illustration Work

- Designed a 3-piece illustration series for Nike with a real-life, narrative-driven art direction, and built a complete brand identity (logo, guidelines, packaging, social content) for Manas Home Gardens.

ACHIEVEMENTS

- Patent application filed for an assistive liquid-medication device for visually impaired users (Team)
- Winner, IIT BHU Advertisement Competition — FMC Weeknd, IIT Varanasi (Team)

TECHNICAL SKILLS

Design skills :
